16:00 Plenary Monday
Afternoon Plenary Session:
High Impact Models--Wealth
Creation, National Security,
and Public Health

What's happening today?

There's An App for That

We have created an App for the Conference Schedule. Go to the Apple Store or Google Play store to get it. Search for System Dynamics.

or – if you're online

Go to goo.gl/dCOHI (or systemdynamics.org/web.portal?COS if you like longer links) and you can see each day's conference schedule. Selecting a time shows the sessions, selecting a session shows the papers, selecting a paper shows the abstract and authors, and selecting an author shows a bio and picture (and any other sessions they are in). All of this is small and fast so it should work well on phones. Even if you misplace your printed schedule, the information is still at your fingertips.

Plus: Your Very Own Personal Schedule Awaits!

Go to systemdynamics.org/web.portal

- Log in to access your own information.
 - If you have a paper or activity you will see a link for “**Your scheduled conference sessions**”
 - Find and review the printable “Conference Participant List”

**The Cambridge, MA USA
Conference--60th Anniversary
Celebration**

Conference Participant List
Your scheduled conference sessions

- Update your bio, picture, and contact info anytime
- Change Chapter and SIG affiliations
- If you don't have an account, create one today - it's free and fast.
